

Description

A food for special medical purposes.

flavour pac™ is a range of powdered protein-free flavours, available in blackcurrant, lemon, orange, raspberry and tropical options, containing carbohydrate, sugar, sweetener and colouring.

Indications

For use in the dietary management of inborn errors of metabolism. The flavour pac range is designed to be used in conjunction with Vitaflo's range of unflavoured gel or express powdered protein substitutes from 3 years of age.

Dosage and Administration

To be determined by the clinician or dietitian and is dependent on the age, body weight and medical condition of the patient.

Preparation Guidelines

Add the contents of the flavour pac sachet to the prescribed amount of powdered protein substitute and make up as directed by your clinician or dietitian.

With unflavoured gel: Use 1/2 flavour pac sachet per gel sachet.

With unflavoured express: Use 1/2 to 1 flavour pac sachet per express sachet.

IMPORTANT NOTICE

Must only be given to patients with proven inborn errors of metabolism under strict medical supervision.

Suitable from 3 years of age.

Not for use as a sole source of nutrition.

For enteral use only.
