

# Cystine500

ACBS  GMS  PBS

## Description

### Food for special medical purposes.

A powdered cystine amino acid supplement on a carbohydrate base.

## Indications

For the dietary management of inborn errors of amino acid metabolism from 3 years of age onwards.

## Dosage and Administration

To be determined by the clinician or dietitian and is dependent on the age, body weight and medical condition of the patient.

## Preparation Guidelines

To be determined by the clinician or dietitian.

May be used in low protein diets in a variety of ways:

- Mixed in with protein substitute.
- Added to modular feeds.
- Incorporated into other permitted food or drink.

Cystine500 (4g) = 500mg L-Cystine

## IMPORTANT NOTICE

Must only be given to patients with proven inborn errors of amino acid metabolism under strict medical supervision.

Suitable from 3 years of age onwards.

Not for use as a sole source of nutrition.

For enteral use only.
