

Creatine5000

ACBS GMS PBS

Description

Food for special medical purposes.

A powdered creatine amino acid supplement on a carbohydrate base.

Indications

For the dietary management of inborn errors of amino acid metabolism from 3 years of age onwards.

Dosage and Administration

To be determined by the clinician or dietitian and is dependent on the age, body weight and medical condition of the patient.

Preparation Guidelines

To be determined by the clinician or dietitian.

May be used in low protein diets in a variety of ways:

- Mixed in with protein substitute.
- Added to modular feeds.
- Incorporated into other permitted food or drink.

Creatine5000 (6g) = 5000mg of Creatine

IMPORTANT NOTICE

Must only be used under medical supervision.

Not for use as a sole source of nutrition.

Suitable from 3 years of age onwards.

Not for use as a sole source of nutrition.

Must only be given to patients with proven inborn errors of amino acid metabolism.

For enteral use only.
